Catalog & Pricing Guide

iMARK Print Finishing Solutions affords total in-house workflow control. Invest less than \$1,000 to cut portraits, business cards and other printed pieces—thousands per hour. You'll be amazed how quickly you will recover your investment through completed orders.

iMARK offers standard dies for common paper sizes with Adobe® Photoshop® actions and Epson® Gemini® templates available for download at www.GOiMARK.com. We offer a wide range of specialty dies to generate additional revenue—photo cubes, puzzles, table tents, door hangers, fun packs, slimline cards, boxes, note cards, envelopes and more. Custom dies are also available for endless options!

Additionally, iMARK offers a dry mounting accessory as a quick, secure solution for mounting portraits, printed pieces and signage.

4 Important Reasons to have an iMARK® Die Cutter

- Make more money with specialty products
- Achieve total workflow control
- Meet critical deadlines and save money with in-house print finishing
- Increase customer satisfaction with professional finishing

iMARK® Die Cutter

Affordable Die Cutting and Dry Mounting

- Award-winning roller technology
- Registration pins ensure accuracy
- Downloadable Adobe® Photoshop® actions and Epson® Gemini® templates
- Double-format, specialty and custom dies
- Optional transparent die vinyls

Die sold separately.

iMARK Die Cutter

Studios, labs, printers and photo retailers can produce precision-cut sheets of photos, trader cards, business cards, photo specialties and printed pieces. Interchangeable professional steel-rule dies cut into plastic with a cost of pennies per image. Accessories convert the machine to a mounting, magnet or laminating system. The iMARK Die Cutter has a one-year warranty on defects in materials or workmanship. This warranty does not cover multi-purpose plastic sheets, die trays or steel-rule dies. iMARK steel-rule dies are guaranteed for 90 days.

MACHINE SPECIFICATIONS

- Dimensions: 24¾" w x 30¼" l x 8¾" h (63 cm x 77 cm x 22 cm)
- Machine weight: 34 lbs (15.4 kg)
- Boxed weight: 60 lbs (27.2 kg)

MACHINE INCLUDES

- Carrier tray
- Die pick
- ⅜" hex wrench
- ⅝" hex wrench
- Owner's Manual
- Three Multi-Purpose Plastic Sheets

Pi7000 iMARK Die Cutter (machine only) \$595.00

Steps for Cutting Photos and Printed Pieces with the iMARK Die Cutter

1 Place die completely inside tray, FOAM SIDE UP. Place print sheets on die, IMAGE SIDE DOWN, inside retractable registration pins.

2 Place plastic sheet on top of material to be cut, **covering all registration pins**. Slide die, tray, material and plastic to meet roller. Turn handle to feed through machine.

3 Remove cut images and repeat process from opposite direction.

Standard Double-Format Portrait & Business Card Dies

Double-format dies have two identical centered layouts on one die unless otherwise noted.
